INDEPENDENT AUDITOR'S REPORT

August 19, 2011

The Honorable Mayor and
Members of the Borough Council
Borough of Kenilworth
Kenilworth, New Jersey 07033

We have audited the accompanying balance sheets-regulatory basis of the various funds and account group of the Borough of Kenilworth in the County of Union, as of and for the years ended December 31, 2010 and 2009, and the related statements of operations and changes in fund balance-regulatory basis for the years then ended, and the related statement of revenues-regulatory basis and statement of expenditures-regulatory basis of the various funds for the year ended December 31, 2010. These financial statements are the responsibility of the Borough of Kenilworth's management. Our responsibility is to express an opinion on these financial statements based on our audits.

Except as discussed below, we conducted our audits in accordance with auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Honorable Mayor and
Members of the Borough Council
Page 2.

The Length of Service Awards Program of the Borough of Kenilworth has not been audited, and we were not engaged to audit The Length of Service Awards Program financial statements as part of our audit of the Borough's financial statements.

As described in Note 1, these financial statements were prepared in conformity with the accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with the modified accrual basis, with certain exceptions; and the budget laws of New Jersey, which practices differ from accounting principles generally accepted in the United States of America. The affect on the financial statements of the variances between the prescribed basis of accounting and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In our opinion, because of the Borough of Kenilworth's policy to prepare its financial statements on the basis of accounting discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Borough of Kenilworth, New Jersey as of December 31, 2010 and 2009 or the results of its operations for the years then ended.

However, in our opinion, the financial statements referred to above, with the exception of the Length of Services Awards Program present fairly, in all material respects, the financial position-regulatory basis of the various funds and account group of the Borough of Kenilworth, New Jersey at December 31, 2010 and 2009, and the results of its operations and the changes in fund balance-regulatory basis of such funds for the years then ended and the statement of revenues-regulatory basis, and statement of expenditures-regulatory basis for the year ended December 31, 2010, on the basis of accounting described in Note 1.

In accordance with Government Auditing Standards, we have also issued a report dated August 19, 2011 on our consideration of the Borough of Kenilworth's, New Jersey internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Honorable Mayor and
Members of the Borough Council
Page 3.

Our audit was for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplementary information, schedules and exhibits listed in the table of contents are not required parts of the financial statements, but are presented as additional analytical data, as required by the Division of Local Government Services. This information has been subjected to the tests and other auditing procedures applied in the audit of the financial statements mentioned above and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole, on the basis of accounting described in Note 1.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The GASB Codification establishes seven fund types and two account groups to be used by governmental units when reporting financial position and results of operations in accordance with generally accepted accounting principles (GAAP).

The financial statements of the Borough of Kenilworth have been prepared in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") which is a comprehensive basis of accounting other than generally accepted accounting principles. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough accounts for its financial transactions through the following separate funds which differ from the fund structure required by GAAP.

A. Reporting Entity

The Borough of Kenilworth (the "Borough") operates under a Mayor/Council form of government. The Borough's major operations include public safety, road repair and maintenance, sanitation, fire protection, recreation and parks, health services, and general administrative services.

GASB has issued Statement No. 14 which requires the financial reporting entity to include both the primary government and those component units for which the primary government is financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit's board, and either a) the ability to impose will by the primary government, or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government.

However, the municipalities in the State of New Jersey do not prepare financial statements in accordance with GAAP and thus do not comply with all of the GASB pronouncements. The financial statements contained herein include only those boards, bodies, officers or commissions as required by NJS 40A:5-5. Accordingly, the financial statements of the Borough do not include the Volunteer Fire Department, First Aid Squad and the Free Public Library which is considered component units under GAAP. Complete financial statements of the above components can be obtained by contacting the Treasurer of the respective entity.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

B. Measurement Focus, Basis of Accounting and Basis of Presentation

The Borough uses funds, as required by the Division, to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial administration by segregating transactions related to certain Borough functions or activities. An account group, on the other hand, is designed to provide accountability for certain assets and liabilities that are not recorded in those Funds.

The Borough has the following funds:

Current Fund - This fund accounts for resources and expenditures for governmental operations of a general nature, including Federal and State grants.

Trust Funds - Trust Funds are used to account for assets held by the government in a trustee capacity. Funds held by the Borough as an agent for individual, private organizations, or other governments are recorded in the Trust Funds.

Assessment Trust - This fund deals with the handling of special assessment levies against property for the cost of an improvement, the whole or a part of which costs are levied against the property receiving the benefit.

Other Trust Fund - This fund is established to account for the assets and resources which are also held by the Borough as a trustee or agent for individuals, private organizations, other governments and/or other funds.

Dog License Fund - This fund is used to account for fees collected from dog licenses and expenditures which are regulated by NJS 4:19-15.11.

Emergency Services Volunteer Length of Service Award Program - This fund is used to account for the cumulative payments to participant's in the emergency services volunteer length of service award program including any income, gains, losses or increases or decreases in market value attributable to the investment of the participant's length of service awards.

General Capital Fund - This fund is used to account for the receipt and disbursement of funds used for acquisition or improvement of general capital facilities, other than those acquired in the Current Fund.

Public Assistance Fund - This fund is used to account for the receipt and disbursement of funds that provide assistance to certain residents of the Borough pursuant to Title 44 of New Jersey Statutes.

General Fixed Asset Account Group - To account for all fixed assets of the Borough. The Borough's infrastructure is not reported in the group.

Basis of Accounting

A modified accrual basis of accounting is followed by the Borough of Kenilworth. Under this method of accounting revenues, except State/Federal Aid, are recognized when received and expenditures are recorded, when incurred. The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from generally accepted accounting principles (GAAP) applicable to local government units. The more significant differences are as follows:

Property Tax Revenues - Real property taxes are assessed locally, based upon the assessed value of the property. The tax bill includes a levy for Municipal, County, and School purposes. The bills are mailed annually in June for that calendar year's levy. Taxes are payable in four quarterly installments on February 1, May 1, August 1, and November 1. The amounts of the first and second installments are determined as one quarter of the total tax levied against the property for the preceding year. The installment due the third and fourth quarters is determined by taking the current year levy less the amount previously charged for the first and second installments, with the remainder being divided equally. If unpaid on these dates, the amount due becomes delinquent and subject to interest at 8% per annum, or 18% on any delinquency amount in excess of \$1,500. The school levy is turned over to the Board of Education as expenditures are incurred, and the balance, if any, must be transferred as of June 30, of each fiscal year. County taxes are paid quarterly on February 15, May 15, August 15 and November 15, to the County by the Borough. When unpaid taxes or any municipal lien, or part thereof, on real property, remains in arrears on April first in the year following the calendar year levy when the same became in arrears, the collector in the municipality shall subject to the provisions of the New Jersey Statutes enforce the lien by placing the property on a tax sale. Annual in rem tax foreclosure proceedings are instituted to enforce the tax collection or acquisition of title to the property by the Borough. In accordance with the accounting principles prescribed by the State of New Jersey, current and delinquent taxes are realized as revenue when collected. Since delinquent taxes and liens are fully reserved, no provision has been made to estimate that portion of the taxes receivable and tax title liens that are uncollectible. GAAP requires property tax revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

Basis of Accounting, (continued)

Miscellaneous Revenues - Miscellaneous revenues are recognized on a cash basis. Receivables for the miscellaneous items that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

Grant Revenues - Federal and State grants, entitlements or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the Borough's budget. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

Budgets and Budgetary Accounting - An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures for the current fund. Budget amounts presented in the accompanying financial statements represent amounts adopted by the Borough and approved by the State Division of Local Government Services per N.J.S.A. 40A:4 et seq.

The Borough is not required to adopt budgets for the following funds:

General Capital Fund	Trust Funds
Public Assistance Fund	

The governing body shall introduce and approve the annual budget not later than February 10, of the fiscal year. The budget shall be adopted not later than March 20, and prior to adoption must be certified by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The Director of the Division of Local Government Services, with the approval of the Local Finance Board may extend the introduction and approval and adoption dates of the municipal budget. The budget is prepared by fund, function, activity and line item (salary or other expense) and includes information on the previous year. The legal level of control for appropriations is exercised at the individual line item level for all operating budgets adopted. Emergency appropriations, those made after the adoption of the budget and determination of the tax rate, may be authorized by the governing body of the municipality. During the last two months of the fiscal year, the governing body may, by a 2/3 vote, amend the budget through line item transfers. Management has no authority to amend the budget without the approval of the Governing Body. Expenditures may not legally exceed budgeted appropriations at the line item level. During 2010, several budget transfers were approved by the governing body.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

B. Measurement Focus, Basis of Accounting and Basis of Presentation, (continued)

Basis of Accounting, (continued)

Expenditures - Are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with an encumbrance accounting system. Outstanding encumbrances at December 31, are reported as a cash liability in the financial statements. Unexpended or uncommitted appropriations, at December 31, are reported as expenditures through the establishment of appropriation reserves unless canceled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

Encumbrances - Contractual orders outstanding at December 31, are reported as expenditures through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures under GAAP.

Appropriation Reserves - Are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

Compensated Absences - Expenditures relating to obligations for unused vested accumulated vacation and sick pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation.

Property Acquired for Taxes - Is recorded in the Current Fund at the assessed valuation when such property was acquired and fully reserved. GAAP requires such property to be recorded in the General Fixed Assets Account Group at market value on the date of acquisition.

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

Inventories - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets.

Cash and Investments - Cash includes amounts in demand deposits as well as short-term investments with a maturity date within one year of the date acquired by the government. Investments are stated at costs which approximates fair value and are limited by N.J.S.A. 40A:5-15.1(a).

Deferred Charges to Future Taxation Funded and Unfunded - Upon the authorization of capital projects, the Borough establishes deferred charges for the costs of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or nonfunding of the authorized cost of capital projects. According to N.J.S.A. 40A:2-4, the Borough may levy taxes on all taxable property within the local unit to repay the debt. Annually, the Borough raises the debt requirements for that particular year in the current budget. As the funds are raised by taxation, the deferred charges are reduced.

Fixed Assets - The Borough of Kenilworth has developed a fixed assets accounting and reporting system as promulgated by the Division of Local Government Services which differs in certain respects from generally accepted accounting principles.

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

All fixed assets are valued at historical cost or estimated historical cost if actual cost is not available.

No depreciation has been provided for in the financial statements.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

GAAP requires that fixed assets be capitalized at historical or estimated historical cost if actual historical cost is not available.

Use of Estimates - The preparation of financial statements requires management of the Borough to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Comparative Data - Comparative data for the prior year has been presented in the accompanying balance sheets and statements of operations in order to provide an understanding of changes in the Borough's financial position and operations. However, comparative data have not been presented in all statements because their inclusion would make certain statements unduly complex and difficult to understand.

C. Basic Financial Statements

The GASB Codification also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be in accordance with GAAP. The Borough presents the financial statements listed in the table of contents which are required by the Division and which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from GAAP.

NOTE 2. CASH, CASH EQUIVALENTS AND INVESTMENTS

Cash

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Borough's policy is based on New Jersey Statutes requiring cash be deposited only in New Jersey based banking institutions that participate in New Jersey Governmental Depository Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes 40A:5-15.1(a) that are treated as cash equivalents. As of December 31, 2010, \$-0- of the Borough's bank balance of \$4,796,342.64 was exposed to custodial credit risk.

NOTE 2. CASH, CASH EQUIVALENTS AND INVESTMENTS, (continued)

Investments

Investment Rate Risk

The Borough does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, New Jersey Statutes 40A:5-15.1(a) limits the length of time for most investments to 397 days.

Credit Risk

New Jersey Statutes 40A:5-15.1(a) limits municipal investments to those specified in the Statutes. The type of allowance investments are Bonds of the United States of America, bonds or other obligations of the towns or bonds or other obligations of the local unit or units within which the town is located: obligations of federal agencies not exceeding 397 days; government money market mutual funds; the State of New Jersey Cash Management Plan; local government investment pools; or repurchase of fully collateralized securities.

New Jersey Cash Management Fund - all investments in the Fund are governed by the regulations of the Investment Council, which prescribe specific standards designed to insure the quality of investments and to minimize the risks related to investments. In all the years of the Division of Investment's existence, the Division has never suffered a default of principal or interest on any short-term security held by it due to the bankruptcy of a securities issuer; nevertheless, the possibility always exists, and for this reason a reserve is being accumulated as additional protection for the "Other-than-State" participants. In addition to the Council regulations, the Division sets further standards for specific investments and monitors the credit of all eligible securities issuers on a regular basis.

As of December 31, 2010, the Borough had \$3,005,127.76 on deposit with the New Jersey Cash Management Fund.

Concentration of Credit Risk

The Borough places no limit on the amount the Borough may invest in any one issuer.

Unaudited Investments

As more fully described in Note 14, the Borough has created a Length of Service Award Program (LOSAP) for emergency service volunteers. The LOSAP investments are similar to those allowed in a deferred compensation program as specified in NJSA 43:15B-1 et. seq. except that all investments are retained in the name of the Borough. All investments are valued at fair value. In accordance with NJAC 5:30-14.37, the investments are maintained by Lincoln Financial Group, which is an authorized provider approved by the Division of Local Government Services. The balance in the account on December 31, 2010 and 2009 amounted to \$368,220.59 and \$314,855.35, respectively.

The following investments represent 5% or more of the total invested with Lincoln Financial Group on December 31, 2010 and 2009:

Summary of Municipal Debt

The Local Bond Law governs the issuance of bonds and notes to finance capital expenditures. General obligation bonds have been issued for the general capital fund. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Borough are general obligation bonds, backed by the full faith and credit of the Borough. Bond anticipation notes, which are issued to temporarily finance capital projects, must be paid off within ten years and five months or retired by the issuance of bonds.

NOTE 4. BOND ANTICIPATION NOTES

The Borough issues bond anticipation notes to temporarily fund various capital projects prior to the issuance of serial bonds. The term of the notes cannot exceed one year but the notes may be renewed from time to time for a period not exceeding one year. Generally, such notes must be paid no later than the first day of the fifth month following the close of the tenth fiscal year following the date of the original notes. The State of New Jersey also prescribes that on or before the third anniversary date of the original note a payment of an amount at least equal to the first legally payable installment of the bonds in anticipation of which such notes were issued be paid or retired. A second and third legal installment must be paid if the notes are to be renewed beyond the fourth and fifth anniversary date of the original issuance.

NOTE 7. PENSION PLANS

Description of Systems:

Substantially all of the Borough's employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute: the Police and Firemens' Retirement System (PFRS) or the Public Employees' Retirement System (PERS). These systems are sponsored and administered by the State of New Jersey. The Public Employees' Retirement System and the Police and Firemens' Retirement System (PFRS) are considered a cost sharing multiple-employer plans. According to the State of New Jersey Administrative Code, all obligations of the systems will be assumed by the State of New Jersey should the systems terminate.

Public Employees' Retirement System (PERS)

The Public Employees' Retirement System was established in January, 1955 under the provisions of N.J.S.A. 43:15A to provide coverage including post-retirement health care to substantially all full time employees of the State or any county, municipality, school district or public agency provided the employee is not required to be a member of another State-administered retirement system. Membership is mandatory for such employees and vesting occurs after 8-10 years of service and 25 years for health care coverage. Members are eligible for retirement at age 60 with an annual benefit generally determined to be 1/55th of the average annual compensation for the highest three fiscal years' compensation for each year of membership during years of creditable service. Early retirement is available to those under age 60 with 25 or more years of credited service. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on contributions. In case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Chapter 103, P.L. 2007 amended the early retirement reduction formula for members hired on or after July 1, 2007 and retiring with 25 years of service to be reduced by 1% for every year between age 55 and 60, plus 3% for every year under age 55.

Chapter 89, P.L. 2008 increased the PERS eligibility age for unreduced benefits from age 60 to age 62 for members hired on or after November 1, 2008; increased the minimum annual compensation required for membership eligibility for new members. Also, it amended the early retirement reduction formula for members hired on or after November 1, 2008 and retiring with 25 years of service to be reduced by 1% for every year between age 55 and 62, plus 3% for every year under age 55.

NOTE 7. PENSION PLANS, (continued)

Description of Systems, (continued)

Chapter 1, P.L. 2010, effective May 21, 2010, changed the membership eligibility criteria for new members of PERS from the amount of compensation to the number of hours worked weekly. Also, it returned the benefit multiplier for new members of PERS to 1/60 from 1/55, and it provided that new members of PERS have the retirement allowance calculated using the average annual compensation for the last five years of service instead of the last three years of service. New members of PERS will no longer receive pension service credit from more than one employer. Pension service credit will be earned for the highest paid position only. This law also closed the Prosecutors Part of the PERS to new members and repealed the law for new members that provided a non-forfeitable right to receive a pension based on the laws of the retirement system in place at the time 5 years of pension service credit is attained. The law also requires the State to make its full pension contribution, defined as 1/7th of the required amount, beginning in fiscal year 2012.

Chapter 3, P.L. 2010, effective May 21, 2010, replaced the accidental and ordinary disability retirement for new members of PERS with disability insurance coverage similar to that provided by the State to individuals enrolled in the State's Defined Contribution Retirement Program.

Police and Firemens' Retirement System (PFRS)

The Police and Firemens' Retirement System was established in July 1944 under the provisions of N.J.S.A. 43:16A to provide retirement, death and disability benefits to its members. Membership is mandatory for all full time county and municipal police and firemen, and state firemen or officer employees with police powers appointed after June 30, 1944.

Enrolled members of the Police and Firemens' Retirement System may retire at age 55 with no minimum service requirement. The annual allowance is equal to 2% of the members' final compensation for each year of service up to 30 years, plus 1% of each year of creditable service over 30 years. Final compensation equals the compensation for the final year of service prior to retirement. Special retirement is permitted to members who have 25 or more years of creditable service in the system. Benefits fully vest on reaching 10 years of service. Members are always fully vested for their own contributions. In the case of death before retirement, members' beneficiaries are entitled to full payment of members' contributions.

Description of Systems, (continued)

Police and Firemens' Retirement System (PFRS), (continued)

Chapter 1, P.L. 2010, effective May 21, 2010, eliminated the provision in PFRS that would permit a member to retire, at any age after 25 years of service credit, on a special retirement allowance of 70% of final compensation after the retirement system reaches a funded level of 104%. Also, for new members of PFRS, the law capped the maximum compensation that can be used to calculate a pension from the plan at the annual wage contribution base for Social Security, and requires the pension to be calculated using a three year average annual compensation instead of the last year's salary.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information for PERS and PFRS. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Divisions of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295.

Significant Legislation

On March 17, 2009, the legislative of the State of New Jersey enacted Public Laws 2009, c.19(S-21) the "Pension Deferral Program". This law allows the Division of Pensions and Benefits to provide non-state government pension system employers the option of paying their full amount, or an amount that reflects a 50 percent reduction of the normal and accrued liability component of the Public Employees' Retirement System and/or the Police and Firemen's Retirement System obligation for payment due to the State Fiscal Year ending June 30, 2009. The amount deferred will be repaid starting in April 2012 over a 15-year period at 8¼ percent. The amount will fluctuate based on pension system investment earnings on the deferred amount. The local employer is allowed to payoff the obligation at any time prior to April 2012.

The Borough of Kenilworth did not opt for this deferral.

Contribution Requirements

The contribution policy is set by laws of the State of New Jersey and, in most retirement systems, contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. The pension funds provide for employee contributions based on 5.0% for PERS and 8.5% for PFRS of the employee's annual compensation, as defined through June 30, 2007. Under Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, the PERS and employee contribution rate will increase

to 5.5 percent effective July 1, 2007. Employers are required to contribute at an actuarially determined rate in all Funds except the SACT. The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits in the PERS and PFRS. In the PERS and PFRS, the employer contribution includes funding for post-retirement medical premiums.

The Borough's contribution to the various plans, equal to the required contributions for each year, were as follows:

<u>Year</u>	<u>PERS</u>	<u>PFRS</u>
2010	\$181,670.00	\$651,249.00
2009	161,008.00	607,048.00
2008	119,367.00	567,637.00

Defined Contribution Retirement Program

The Defined Contribution Retirement Program (DCRP) was established on July 1, 2007 for certain public employees under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007. The program provides eligible members, with a minimum base salary of \$1,500 or more, with a tax-sheltered, defined contribution retirement benefit, in addition to life insurance and disability coverage. The DCRP is jointly administered by the Division of Pensions and Benefits and Prudential Financial.

If the eligible elected or appointed official will earn less than \$5,000 annually, the official may choose to waive participation in the DCRP for that office or position. The waiver is irrevocable.

This retirement program is a new pension system where the value of the pension is based on the amount of the contribution made by the employee, employer and through investment earnings. It is similar to a Deferred Compensation Program where the employee has a portion of tax deferred salary placed into an account that the employee manages through investment option provided by the employer.

Defined Contribution Retirement Program, (continued)

The law requires that three classes of employees enroll in the DCRP detailed as follows:

All elected officials taking office on or after July 1, 2007, except that a person who is reelected to an elected office held prior to that date without a break in service may retain in the PERS. A Governor appointee with advice and consent of the Legislature or who serves at the pleasure of the Governor only during that Governor's term of office.

Other employees commencing service after July 1, 2007, pursuant to an appointment by an elected official or elected governing body which include the statutory untenured Chief Administrative Officer such as the Business Administrator, County Administrator, or Municipal or County Manager, Department Heads, Legal Counsel, Municipal or County Engineer, Municipal Prosecutor and the Municipal Court Judge.

Notwithstanding the foregoing requirements, other employees who hold a professional license or certificate or meet other exceptions are permitted to remain to join or remain in PERS.

NOTE 8. OTHER POST EMPLOYMENT BENEFITS

In addition to the pension benefits described in Note 7, the Borough provides post employment health care benefits in accordance with the provisions of Ch. 88, P.L. 1974 as amended by Chapter 436, P.L. 1981, at its cost.

Plan Description

The Borough of Kenilworth contributes to the State Health Benefits Program (SHBP) a cost-sharing, multi-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. The SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq. to provide health benefits to State employees, retirees, and their dependents.

The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

NOTE 8. OTHER POST EMPLOYMENT BENEFITS, (continued)

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website at <http://www.state.nj.us/treasury/pensions/gasb-43-sept2008.pdf>

Plan Coverage

Any employee who retires after twenty-five (25) years or more of service within a state administered pension system including 20 years with the Borough shall be entitled to be continued in the above health insurance coverage on a family-plan basis, with the cost thereof to be paid by the Borough. This does not include dental benefits.

Funding Policy

Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis.

Contributions to pay for the health premiums of participating employees in the SHBP are billed to the Borough of on a monthly basis. The rates charges by the system for the year ended December 31, 2010 were as follows:

The Borough of Kenilworth contributions to SHBP for post-retirement benefits for the years ended December 31, 2010 and 2009 were \$320,124.54 and \$275,590.62, respectively, which equaled the required contributions for each year.

NOTE 14. EMERGENCY SERVICES VOLUNTEER LENGTH OF SERVICE AWARD PLAN (LOSAP)

On January 17, 2001, the Division of Local Government Services approved the Borough's LOSAP plan, provided by Lincoln Financial Group. The purpose of this plan is to enhance the Borough's ability to retain and recruit volunteer firefighters and volunteer members of emergency service squads.

Lincoln Financial Group will provide for the benefit of participants, a multi-fund variable annuity contract as its funding vehicle. The plan shall provide for a fixed annual contribution of \$1,150.00 to each eligible volunteer who accumulates a minimum of 350 service points based on criteria established by Borough Ordinance No. 2000-17. The Borough's contribution shall be included in the current years budget.

All amounts awarded under a length of service award plan shall remain the asset of the sponsoring agency; the obligation of the sponsoring agency to participating volunteers shall be contractual only; and no preferred or special interest in the awards made shall accrue to such participants. Such money shall be subject to the claims of the sponsoring agency's general creditors until distributed to any or all participants.

We have reviewed the plan for the year ended December 31, 2010 in accordance with the American Institute of Certified Public Accountants (AICPA) Statement on Standards for Accounting and Review Services.

NOTE 15. RISK MANAGEMENT

The Borough is exposed to various risks of loss related to general liability, automobile coverage, damage and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Borough has obtained insurance coverage to guard against these events which will provide minimum exposure to the Borough should they occur.. During the 2010 calendar year, the Borough did not incur claims in excess of their coverage and the amount of coverage did not significantly decrease.

The Borough of Kenilworth is currently a member of the Garden State Municipal Joint Insurance Fund (the "Fund"). The Fund provides their members with Liability, Property and Workers' Compensation and Employer Liability Insurance. The Fund is a risk-sharing public entity risk pool that is both an insured and self administered group of municipalities established for the purpose of providing low-cost insurance coverage for their respective members in order to keep local property taxes at a minimum. Each member appoints an official to represent their respective entity for the purpose of creating a governing body from which officers for the Fund are elected.

As a member of the Fund, the Borough could be subject to supplemental assessments in the event of deficiencies. If the assets of the Fund were to be exhausted, members would become responsible for their respective shares of the Fund's liabilities.

The Fund can declare and distribute dividends to members upon approval of the State of New Jersey Department of Insurance. These distributions are divided among the members in the same ratio as their individual assessment related to the total assessment of the membership body.

Financial statements for the Fund are available at the office of the Fund's Executive Director, NIP Group, Inc., Woodbridge, New Jersey.

NOTE 17. COMMITMENTS AND CONTINGENT LIABILITIES

The Borough is involved in suits in the normal course of business. These cases, if decided against the Borough, would be paid for by its insurance carrier or with funds raised by future taxation.

In addition to the above, the Borough attorney has advised us of the following:

“Tax appeals for the preceding year were resolved with the exception of the appeal from Merck. Merck currently pays about nine million dollars and a maximum refund (if any) for the prior year is estimated not to exceed \$450,000.00. At this time, the worst-case scenario for the future would be a reduction in the tax revenue estimated at \$1,500,000.00 but will require a significant amount of resources (\$100 to \$150 thousand dollars) to defend their claim may be required if the taxpayer actively litigates their claim”.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

August 19, 2011

Honorable Mayor and
Members of the Borough Council
Borough of Kenilworth
Kenilworth, New Jersey 07033

We have audited the financial statements-regulatory basis of the Borough of Kenilworth in the County of Union as of and for the year ended December 31, 2010, and have issued our report thereon dated August 19, 2011. Our report disclosed that, as described in Note 1 to the financial statements-regulatory basis, the Borough of Kenilworth prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with a modified accrual basis of accounting and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey; and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Borough of Kenilworth's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements-regulatory basis, but not for the purpose of expressing an opinion on the effectiveness of the Borough of Kenilworth's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Borough of Kenilworth's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough of Kenilworth's financial statements-regulatory basis are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

We noted certain immaterial instances of noncompliance that we have reported to the management of the Borough of Kenilworth in the accompanying comments and recommendations section of this report.

This report is intended solely for the information of management, The Division of Local Government Services, Department of Community Affairs, State of New Jersey, Federal Awarding Agencies and Pass Through Entities and is not intended to be and should not be used by anyone other than these specified parties.

GENERAL COMMENTS

Contracts and Agreements

N.J.S.A. 40A:11-4 states "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this act or specifically by any other law."

Effective April 17, 2000 and thereafter the bid thresholds in accordance with N.J.S.A. 40A:11-3 (as amended) is \$17,500.00 and \$25,000.00 with a qualified purchasing agent. On July 1, 2005 the bid threshold was increased to \$21,000.00 and \$29,000.00 with a qualified purchasing agent. Additionally, on July 1, 2010 the threshold was increased to \$26,000.00 and \$36,000.00 with a qualified purchasing agent.

N.J.S.A. 40A:11-2 contains definitions for terms used throughout N.J.S.A. 40A:11-1 et seq. and was amended under P.L. 1999, c.440. It includes as subsection (23) the term 'competitive contracting', which is defined as "the method described in sections 1 through 5 of P.L. 1999, c.440 (C.40:11-4.1 through C.40A:11-4.5) of contracting for specialized goods and services in which formal proposals are solicited from vendors' formal proposals are evaluated by the purchasing agent or counsel; and the governing body awards a contract to a vendor or vendors from among the formal proposals received."

N.J.S.A. 40A:11-3 was amended with P.L. 1999, c.440 to raise the bid threshold and require award by governing body resolution. "When the cost or price of any contract awarded by the purchasing agent in the aggregate does not exceed in a contract year the total sum of \$17,500 or \$21,000 after July 1, 2005, the contract may be awarded by a purchasing agent when so authorized by ordinance or resolution as appropriate to the contracting unit, of the governing body of the contracting unit without public advertising for bids and bidding therefore, except that the governing body may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations."

N.J.S.A. 40A:11-15 was amended with P.L. 1999, c.440 to extend the base contract period. "Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to paragraph (1) of subsection (a) of N.J.S.A. 40A:11-5 may be awarded for a period not exceeding 12 consecutive months."

The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Borough Counsel's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertising for the following item:

On-Call Roadway Services

Resolutions were adopted authorizing the awarding of contracts and agreements for "Professional Services" N.J.S. 40A:11-5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any material or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violation existed. No violations were disclosed.

Our examination of expenditures did not reveal any individual payments, contracts or agreements in excess of the statutory threshold "for the performance of any work or the furnishing or hiring of any materials or supplies," other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S. 40A:11-6.

Collection of Interest on Delinquent Taxes and Assessments

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body on January 3, 2010 adopted the following resolution authorizing interest to be charged on delinquent taxes:

WHEREAS, Chapter 75 of the Public Laws of 1991 of the State of New Jersey authorizes the governing body of each municipality by resolution to fix the rate of interest to be charged for nonpayment of taxes or assessments on or before the date when they would become delinquent, and

WHEREAS, the provisions of said statute provides that the rate of interest to be so charged may be fixed at a rate not to exceed 8% per annum on the first \$1,500. of delinquency, and a rate of 18% per annum on any amount in excess of \$1,500.

WHEREAS, the statute further provides that the governing body may provide that no interest shall be charged if payment is made within the tenth calendar day following the date which the same became payable, and

WHEREAS, (N.J.S.A. 54:4-67 AS AMENDED) also provides that the governing body may fix a penalty to be charged to a taxpayer with a delinquency in excess of \$10,000. who fails to pay that delinquency prior to the end of the (calendar) fiscal year which shall not exceed (6%) six percent; and

WHEREAS, the Governing Body of the Borough of Kenilworth deems that implementation of Chapter 75 of the P.L. of 1991 (N.J.S.A. 54:4-67) the same is desirable and appropriate;

NOW THEREFORE BE IT RESOLVED, by the Governing Body of the Borough of Kenilworth that pursuant to the authority granted to it by N.J.S.A. 54:4-67, AS AMENDED that the rate of interest be set in the amount of 8% on the first 1,500. of the delinquency and at the rate of 18% on any amount in excess of \$1,500 provided payment is not made within the grace period of ten days from the date payable and that the penalty on amounts due in excess of \$10,000 at the close of the (calendar) fiscal year be set at 6% of the amount of the delinquency.

It appears from our test of the collector's record that interest was collected in accordance with the foregoing resolution.

Delinquent Taxes and Tax Title Liens

The last tax sale was held on June 29, 2010, and was complete.

The following comparison is made of the number of tax title liens receivable on December 31, of the last three years:

<u>Year</u>	<u>Number of Liens</u>
2010	17
2009	22
2008	22

Verification of Delinquent Taxes and Other Charges

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services.

The results of the test, which was made as of December 31, 2010, is not yet known, but a separate report will be rendered if any irregularities were developed.

In addition, analytical review procedures were utilized to ascertain the validity of the receivables.

OTHER COMMENTS

The Recreation Department is completing purchase requisitions after purchase has already been made.

During our review of the Annual Financial Disclosure Statements, it was discovered that several local officials did not file the annual forms.

RECOMMENDATIONS

1. That purchase requisitions be prepared and approved prior to the purchase of goods or services.
2. That Annual Financial Disclosure Statements be filed by all required municipal officials.

STATUS OF PRIOR YEAR AUDIT FINDINGS/RECOMMENDATIONS

A review was performed on all prior year recommendations and corrective action was taken on all with the exception of those marked with an "*".

The problems and weaknesses noted in our audit were not of such magnitude that they would affect my ability to express an opinion on the financial statements taken as a whole.

Should any questions arise as to my comments or recommendations, or should you desire assistance in implementing my recommendations, please do not hesitate to call me.

Very truly yours,
